

Corey Simon **will follow the instructions** **of his extreme supporters.**

When extreme special interests were looking for someone to say nothing and help carry out their agenda, they found Corey Simon. Simon would be another vote for their extreme agenda:

- ❌ **Flood our schools with guns.¹**
- ❌ **Limit a woman's right to make her own health care decisions.²**
- ❌ **Slash health care for Floridians with pre-existing medical conditions.³**

Those are his orders from his extremist backers, and he's ready to play their game.

North Floridians CANNOT TRUST **extremist Corey Simon.**
